"Secret Voyage", the newest and seventh studio CD from Blackmore's Night, is a wonderful mix of melodies encapsulating the style that is truly Blackmore's Night. The listener can feel from the very first song that they will be taken on a magical journey. Candice Night, an award winning lyricist and vocalist, continues to write incredible lyrics which tell stories of castles, gypsies, mysteries, love, the enchanted past as well as the uncertain future. Take these unforgettable lyrics and embody them with the entrancing melodies created by legendary guitar player Ritchie Blackmore and you are given the gift of some of the most incredible songs of our time.

From the amazing cover artwork to each and every song, every Blackmore's Night fan will be genuinely delighted with this CD. I believe it will become the favorite of many fans. To those who have never heard any Blackmore's Night songs before, this CD will not be a disappointment. You will be happy to know that there is still incredible music being written and performed. The Secret Voyage is another Blackmore's Night Masterpiece.
